

Autumn 1: The Three Little Pigs

ENGLISH

Reading

- Children will be continuing to develop their phonics skills through letters and sounds phases 2, 3, 4 and 5.
- We will look at reading tricky words and non-sense words.

Writing

Non-Fiction

For their non-fiction text the children will be exploring instructions.; Children will have to:

- Put a set of instructions into chronological order
- Use time conjunctions
- Use verbs and adverbs
- Test that their instructions work and make sense.

Fiction—Mystery story.

For their fiction text the children will be exploring fairy tale writing. The children will be learning to;

- Write with capital letters and full stops.
- Use finger spaces between words and write on the line.
- Apply their phonic knowledge to spell words.
- Use typical story features such as 'Once upon a time'
- Use time conjunctions

Poetry—Performance poetry

- He/she will need to maintain positive attitudes to reading
- He/ she will read aloud and try to recognise rhyming words.

SCIENCE

We will explore '**Materials**'; working towards achieving the following objectives:

- There are different materials that make up most things. We shall focus on wood, metal, plastic, glass, fabric and rock.
- Identify the different properties of materials (hard, soft, bendy, rigid, rough, smooth)
- Discuss what materials a variety of different objects are made from.
- Investigate the different properties of materials to find the best for building a house (roof, walls and windows)

GEOGRAPHY.

- We will be learning about the basics of Geography and what it is as a subject.
- Children will learn about Great Britain and look at the countries that make it as well as it's capital cities.
- Children will be thinking about the different types of weather and comparing it to other countries around the world.

ART AND DESIGN

- Using different colours to make new colours.
- Trying different mediums to develop different styles of art (tissue paper, glitter, card, leaves, twigs, straw etc.)

COMPUTING

- The children will be using iPad's to create a miniature movie of a fairy tale story. They will use different apps that allow the children to create characters and scenes and use their voices to tell the story.

MATHS

Number

- Children will be counting forwards and backwards to 20.
- They will learn the numbers to twenty in words.
- We will be looking at adding 1digit numbers together and finding one more and one less than a number.
- We shall learn to count in 10s and 2s.
- Children will begin to know number bonds to 10.
- In year 1 children will begin to solve word problems involving additions and subtractions.
- They will also compare and order numbers up to 50.

Geometry

- We will be looking at 2D shapes and some 3D shapes.
- Children will learn the names of some of the shapes as well as some of their properties.

RE

- The children will learn basic information about the main religions (Christianity, Islam, Hinduism, Judaism, Sikhism, Buddhism)
- We will look at how and where these religions worship their god.
- We will hold regular collective worship sessions in class.
