

# Magic and Mystery

## Spring 1 - Lilies

### Literacy

Reading - We will be introducing our new reading system 'Resilient Reader' to help develop the children's comprehension skills. We will be focusing on Why?, When?, Where?, What? and Who? questions.

Writing - During this half term we will be developing our writing by learning about adjectives. We will be writing character descriptions and scene settings for our magic and mystery stories.

### Mathematics

Number/Calculation - We will be further developing our understanding of place value, becoming secure with tens and ones, and exploring 100's

We will be ordering numbers and using our knowledge of the terms 'greater than', 'less than' and 'equals' to compare numbers.

We will be learning about multiplication and division and how to apply these.

### Measure/Time

We will be learning about different types of measurement including length, height and weight.

### Science

During Science we will be exploring the changes of matter. We will be looking at solids, liquids and gases and how they can change from one to another.

### Geography

We will be looking more closely at the continent of Europe, including the make up of the British Isles.
